November 12, 2024

Dear Benefactors of LHC Mission of Love,

We hope this message finds you well and in good spirits. We are writing to update you on the incredible impact your generous contributions have made over the past year. Thanks to your unwavering support, LHC Mission of Love has been able to extend its reach and provide essential services to more families in need. Your donations have transformed lives and brought hope to many villages.

Two of our most significant achievements this year have been the expansions of our educational initiatives and filtration water systems. With the help of your donations, we have established summer educational programs for more than 800 children from different tribes and have built 35 filtration water systems for villagers. Each filtration water system includes a well, a filtration system and a house to protect it. The smiles of the children and villagers are a testament to the power of your generosity.

Our mission trip in May was an incredible journey filled with impactful experiences and heartwarming stories. We traveled to a small village that had been facing numerous challenges, including limited access to clean water, education, and healthcare. Our team, composed of volunteers with diverse skills, was determined to make a meaningful difference in the lives of the villagers.

One of the most memorable moments was when we helped install a new water filtration system. The joy on the villagers' faces as they tasted clean water for the first time was indescribable. Children were giggling with excitement, and elders expressed their gratitude through heartfelt smiles and hugs. This simple yet profound change not only improved their health but also brought a sense of hope and renewal to the entire community.

Over the past year, we are blessed with the volunteers from Good Heart Group helping us install the filtration water systems. This helps cut down the cost for building filtration water systems tremendously. We are grateful and delighted to share what we have done with your extended hands and generous hearts.

(June 2023 to July 2024)

- Built 35 Filtration water systems
- Built 14 houses and 1 bridge
- Built 1 church
- Provided one orphanage (13 orphans)
- Provided lunch every Sunday for 1656 children:
- Provided Scholarships for 155 students
- Provided music instruments for 6 villages
- Summer school for 800 children in the villages
- Provided 2 childcare facilities (accommodates 30 children in each facility)

- Provide lunch for 170 elderly in three villages: Bản Mù, Giang La Pan, Tà Gheng

There are many other projects such as agriculture, plowing machines, fertilizers, water tanks, repaired roads, etc. Please visit our website: lhcmisionoflove.org; Facebook: <https://www.facebook.com/lhcmisionoflove>

Recently, North Vietnam experienced the devastating impact of a powerful typhoon. This natural disaster has caused significant damage to infrastructure, disrupted the lives of many villagers, and brought about challenging conditions that require immediate attention and aid. We plan to help with the rebuilding of their houses. Your assistance can make a significant difference in the lives of those affected by the typhoon.

As we look toward the future, we are confident that with your continued support, we can achieve even greater milestones.

As we are about to celebrate Thanksgiving, we want to take this opportunity to Thank You and to wish you and your family and friends great joy and love. As you gather together on Thanksgiving Day, our prayer is that the presence of our loving God be in your midst. Please know that you and your family are in our daily prayer. Happy Thanksgiving.

Thank you once again for your kindness and dedication. Your support truly makes a difference. With heartfelt gratitude,

In Christ Crucified,

Sr. Josefa Ha and LHC Mission of Love's Team
